The Department of Children and Family Services (DCFS) Contracts Administration Division (CAD) conducted a Contract Compliance Review of Hathaway-Sycamores Child and Family Services Foster Family Agency (the FFA) in October 2014. The FFA has one licensed office located in the Fifth Supervisorial District and provides services to the County of Los Angeles DCFS placed children. According to the FFA's program statement, their stated mission is, "Cultivating hope and resilience to enrich the well-being of children, adults, families, and communities."

At the time of the review, the FFA supervised 30 DCFS placed children in 13 Certified Foster Homes (CFHs). The children's average length of placement was 21 months and their average age was 14.

The FFA was in full compliance with 5 of 11 areas of CAD's Contract Compliance Review: Certified Foster Homes; Education and Workforce Readiness; Personal Rights and Social/Emotional Well-Being; Discharged Children; and Personnel Records.

CAD noted deficiencies in the following areas: Licensure/Contract Requirements, related to untimely notification of a child's relocation, Special Incident Reports (SIRs) not submitted timely or cross-reported and runaway procedures not in accordance with the contract; Facility and Environment, related to inadequate perishable and non-perishable food and allowance logs not being maintained; Maintenance of Required Documentation and Service Delivery, related to the FFA not obtaining or documenting efforts to obtain County Children's Social Worker's (CSW's) authorization to implement Needs and Services Plans (NSPs), FFA social workers not developing comprehensive

and timely initial and updated NSPs with the placed child's participation, children not receiving therapeutic services, recommended assessments and evaluations not being implemented, County CSW monthly contacts not being documented in the child's case file, FFA social workers not developing timely, comprehensive quarterly reports and FFA social workers not conducting required visits; Health and Medical Needs, related to follow-up medical exams not being conducted timely; Psychotropic Medications, related to not obtaining current Court authorizations for administration of psychotropic medications and psychiatric evaluation reviews not being conducted; Personal Needs/Survival and Economic Well-Being, related to not distributing minimum weekly monetary allowances and not providing encouragement/assistance with Life Book or Photo Album.

Attached are the details of CAD's review.

REVIEW OF REPORT

On November 20, 2014 Christina S. Lee, DCFS CAD, held an Exit Conference with FFA representatives: Jorge Razo, Hathaway-Sycamores Child and Family Services Director of FFA, ITFC, and Adoptions; Virginia Montoya, FFA Recruiter and Certification Specialist; Therese Farfan, Program Administrative Assistant; Sandra Martinez, Charts and Records Coordinator; Melissa Sagami-Peck, Foster Care Social Worker; Zenia Canas, Foster Care Social Worker; and Steve Dubin, Foster Care Social Worker. CONTRACT COMPLIANCE REVIEW
FISCAL YEAR 2014-2015**

The following report is based on a "point in time" visit. This compliance report addresses findings noted during the October 2014 review. The purpose of this review was to assess Hathaway-Sycamores Child and Family Services Foster Family Agency's (the FFA's) compliance with its County contract and State regulations and included a review of the FFA's program statement as well as internal administrative policies and procedures. The compliance review covered the following 11 areas:

- Licensure/Contract Requirements,
- Certified Foster Homes,
- Facility and Environment,
- Maintenance of Required Documentation and Service Delivery,
- Educational and Workforce Readiness,
- Health and Medical Needs,
- Psychotropic Medication,
- Personal Rights and Social/Emotional Well-Being,
- Personal Needs/Survival and Economic Well-Being,
- Discharged Children, and
- Personnel Records.

For the purpose of this review, six placed children were selected for the sample. The Contracts Administration Division (CAD) interviewed each child and reviewed case files to assess the care and services the children received. Additionally, four discharged children's files were reviewed to assess the FFA's compliance with permanency efforts. At the time of the review, two sampled children were prescribed psychotropic medication. The children's case files were reviewed to assess for timeliness of Psychotropic Medication Authorizations and required documentation of psychiatric monitoring.

CAD reviewed five staff files for compliance with Title 22 regulations and County contract requirements. Site visits were conducted to the FFA and three Certified Foster Parent (CFP) files were reviewed to assess the quality of care and supervision provided to the placed children.

CONTRACTUAL COMPLIANCE

CAD found the following areas out of compliance:

Licensure/Contract Requirements

- Timely notification for child's relocation was not provided.

There was no documentation in the sampled children's files that the County Children's Social Workers (CSWs) received timely notification of relocations or replacements for placed children. The discharge summary and contact log for one child contained conflicting information about the child's discharge destination and there was no documentation from the County CSW to confirm the information.

At the Exit Conference, the FFA reiterated that they had since updated their discharge summary to include the date of contact with the County CSW regarding replacement of children.

HATHAWAY-SYCAMORES FOSTER FAMILY AGENCY CONTRACT COMPLIANCE REVIEW
PAGE 2

On May 8, 2015, CAD conducted a follow-up visit to ensure the FFA's implementation of the new protocol. CAD reviewed two discharge summaries and found that the FFA now requires notifying the County CSW within 24 hours of children's relocation or change in placement.

- Special Incident Reports (SIRs) were not submitted timely.

CAD found eight SIRs that were not submitted timely in accordance with the Special Incident Reporting Guide for Foster Family Agencies.

The FFA representative acknowledged the FFA's errors in properly reporting SIRs. The FFA conducted SIR trainings for staff on December 10, 2014 and December 17, 2014. A separate training on the same topic was held for CFPs on October 21, 2014.

On May 8, 2015, CAD conducted a follow-up visit to ensure the FFA's implementation of the new protocol. CAD reviewed two SIRs and found that they were reported within the appropriate timeframes and cross-reported to the appropriate parties.

- Runaway procedures in accordance with the contract were not maintained.

The FFA did not have documented runaway procedures in place to determine how leaving the facility without permission or runaway situations would be handled.

At the Exit Conference, the FFA representative stated that the FFA would develop an internal runaway procedure in accordance with the contract to be utilized as necessary.

On May 8, 2015, CAD conducted a follow-up visit to ensure the FFA's implementation of the new protocol. There had been no runaway incidents since the time of the review. The FFA staff was aware of and able to articulate the formal runaway procedure.

Recommendations:

The FFA's management shall ensure that:

1. Timely notification for child's relocation is provided.
2. SIRs are submitted timely and cross-reported to all parties.
3. Runaway procedures in accordance with the contract are maintained.

Facility and Environment

- Adequate perishable and non-perishable food not maintained.

One Certified Foster Home (CFH) had expired canned/dry foods from 2010, 2012 and 2014 in the kitchen pantry. The expired food items were immediately discarded at the time of the home inspection. The FFA retrained the CFPs in this home regarding expired food on November 5, 2014 and December 2, 2014.

At the Exit Conference, the FFA representatives stated they will now be more attentive to this detail and will complete inventories of the kitchens and pantries in the CFHs.

During CAD's follow-up on May 8, 2015, it was verified that training regarding perishable and expired foods was held for all CFPs on February 25, 2015.

- Allowance logs were not maintained for placed children.

The FFA did not maintain logs that specified when the allowance was distributed to children. The CFPs provided weekly allowances four times a month and did not account for months that had five weeks.

During the review, the FFA representative acknowledged the deficiency in the FFA's allowance documentation system and immediately rectified the issue by modifying the FFA forms.

During CAD's follow-up on May 8, 2015, CAD was provided a copy of the FFA's new master log that tracks allowance for placed children. CAD verified that allowances are now being provided weekly to each placed child.

Recommendations:

The FFA's management shall ensure that:

4. Adequate perishable and non-perishable food is maintained.
5. Allowance logs are maintained for placed children.

Maintenance of Required Documentation and Service Delivery

- FFA did not obtain or document efforts to obtain County CSW's authorization to implement Needs and Services Plan (NSP).

One sampled child had a NSP that was not signed by the County CSW. The FFA did not obtain the County CSW's authorization prior to implementing a NSP dated October 9, 2013.

- The FFA social workers did not develop comprehensive initial NSPs.

FFA social workers did not develop a comprehensive initial NSP for one sampled child. One identified goal was not a Specific Measurable Attainable Realistic, and Timely (SMART) goal for the child, as it referenced better communication between the CFP and birth parents.

- The FFA social workers did not develop timely and comprehensive updated NSPs.

The identified goals for six sampled children were repetitive and did not address the main case issues for the children. One child's February 26, 2014, NSP was not signed by the County CSW until March 6, 2014.

- Therapeutic services not provided.

Two children did not consistently receive weekly individual and/or family therapy sessions as recommended by their respective service providers.

- Recommended assessments/evaluations were not implemented.

Two children requiring regional center and Fetal Alcohol Syndrome (FAS) evaluations as identified on the provider assessments did not receive the required treatment. The regional center evaluations were not conducted and the FAS assessments were not completed timely.

- County CSW's monthly contacts were not documented in the child's case file.

The FFA social workers did not make monthly contact with County CSWs for two sampled children. There was a missed contact in February 2014 for one placed child and a missed contact in September 2014 for another placed child.

- The FFA social workers did not develop timely, comprehensive quarterly reports.

The FFA social workers did not develop timely or comprehensive quarterly reports for five sampled children. The identified goals on numerous quarterly reports were repetitive, and did not address the main case issues for the children. The quarterly reports were not timely for two placed children.

- The FFA social workers did not conduct required visits.

The FFA social workers did not conduct required visits for one sampled child who received only one of two required visits for June 2014.

At the Exit Conference, the FFA representatives acknowledged the need to focus on improving how the FFA completes NSPs, County CSW's contacts, following up on recommended services for placed children and conducting required child visits.

During the follow-up conducted by CAD on May 8, 2015 it was verified that trainings were held for FFA social workers on December 10, 2014, December 12, 2014, December 17, 2014 and December 18, 2014. The trainings addressed the development of NSPs with the participation of all pertinent parties, navigating the Department of Children and Family Services (DCFS) chain of command to obtain County CSW's signatures, developing appropriate NSP goals, contractual requirements for FFA social worker home/client visits and completing recommended therapeutic assessments and evaluations for children in placement.

During the follow-up, CAD reviewed two NSPs, 12 weekly contact logs and three psychological examination forms and found that NSP development was timely, comprehensive, attempts to obtain County CSW's signatures were documented as were actual contacts with the County CSWs, FFA social worker contacts with the children were in accordance with contractual requirements and therapeutic assessments, evaluations and treatments were occurring as recommended.

Recommendations:

The FFA's management shall ensure that:

6. The FFA obtains or documents County CSW's authorization to implement NSPs.
7. The FFA social workers develop comprehensive initial NSPs.
8. The FFA social workers develop timely and comprehensive updated NSPs.
9. Therapeutic services are provided.
10. Recommended assessments/evaluations are implemented.
11. The County CSW's monthly contacts are documented in the child's case file.
12. The FFA social workers develop timely, comprehensive quarterly reports.
13. The FFA social workers conduct required visits.

Health and Medical Needs

- Follow-up medical exams were not timely.

Three sampled children did not receive timely eye examinations as recommended by the physician. Two children did not receive the evaluations and/or prescription eyeglasses for more than a year after their needs were identified.

During the follow-up conducted on May 8, 2015, CAD was provided a copy of the FFA's new master log that tracks recent and future medical appointments for all children in placement, so that all follow-up exams may be conducted in a timely manner, as required.

Recommendation:

The FFA's management shall ensure that:

14. Follow-up medical exams are conducted timely.

Psychotropic Medication

- Current court authorization for the administration of psychotropic medication was not obtained.

One sampled child did not have current court authorization for the administration of psychotropic medication from February 7, 2014 to April 23, 2014.

- Current psychiatric evaluation reviews were not conducted.

HATHAWAY-SYCAMORES FOSTER FAMILY AGENCY CONTRACT COMPLIANCE REVIEW
PAGE 6

Two sampled children did not have current psychiatric evaluations. One child did not receive an evaluation for three months and another child did not receive an evaluation for two months.

During the Exit Conference, the FFA representatives acknowledged the deficiencies and stated FFA staff would make better efforts to obtain the required psychiatric evaluation and reviews. Further, that FFA staff would clearly document the FFA's efforts to facilitate necessary services.

During the follow-up conducted by CAD on May 8, 2015, a copy of the FFA's new master log was provided. This log tracks the last psychiatric evaluation date and expiration dates for all placed children receiving psychotropic medication.

Recommendations:

The FFA's management shall ensure that:

15. Current court authorization for administration of psychotropic medication is obtained.
16. Current psychiatric evaluation reviews are conducted.

Personal Needs/Survival and Economic Well-Being

- Minimum weekly monetary allowances were not provided.

Six sampled children did not receive their weekly monetary allowances.

- Encouragement/assistance with a Life Book or Photo Album was not provided.

Five sampled children did not receive encouragement/assistance in updating their respective Life Books/Photo Albums. Two children reported not having access to a camera to take photographs.

During the Contract Compliance Review, the FFA representatives acknowledged the need to improve their weekly monetary allowances distribution and stated the FFA CFPs would provide all placed children with the weekly allowances in the future.

At the Exit Conference, the FFA representatives reiterated the FFA's commitment to ensuring compliance with all requirements.

During the follow-up conducted by CAD on May 8, 2015, it was verified that training was held for all CFPs on February 25, 2015 regarding monetary allowance distribution and Life Books/Photo Albums for children.

Recommendations:

The FFA's management shall ensure that:

17. Minimum weekly monetary allowances are provided.
18. Encouragement/assistance with Life Books or Photo Albums is provided.
